

Fly Tying: The Anglers Art

Program Description – 500 Series

FLY TYING – THE ANGLER’S ART is almost as good as spending time fishing with your friends. Hosted by professional fly tier, fly tying columnist and instructor LeRoy Hyatt and fly tying instructor Carolyn Sells, this 30-minute program will hook fly fishing enthusiasts. With decades of fly tying experience and fly fishing success stories to share, the pair demonstrate tying 3 to 4 fly patterns per episode. Their good natured, competitive banter and thoughtful questions provide plenty of useful tips on technique and materials, along with discussions on fish psychology and the conditions where these flies work best. This season, “Fly Tying: The Angler’s Art” is available in High Definition, which means that you won’t miss a twist of even the most complex fly tying patterns. Informative for all levels of fly fishing experience.
